

## Disclaimers and Acknowledgements

### Disclaimer

Food Standards Australia New Zealand (FSANZ) disclaims liability, including for negligence, for any loss or injury directly or indirectly resulting from any reliance upon (including reading or using) the data in AUSNUT 2011–13. Any person relying on AUSNUT 2011–13 in relation to any queries they may have regarding obligations imposed under the standards in the Australia New Zealand Food Standards Code.

AUSNUT 2011–13 contains third party data and material (see Acknowledgements below). The copyright owners of that data and material have made it publicly available through a Creative Commons Attribution 3.0 Australia Licence (see below). Any such use will not infringe any third party's rights, including intellectual property rights.

FSANZ has taken great care to ensure the material provided in AUSNUT 2011–13 is as correct and accurate as possible. However, the material contained in AUSNUT 2011–13 will be free from error, or if used, will ensure compliance with the relevant provisions of the *Standards Code*.

FSANZ also advises you that any reference to a brand name product contained in AUSNUT 2011–13 is not to be taken as a recommendation that the composition of that product, due to changes in formulation that may have occurred since the FSANZ data were generated, complies, or does not comply, with any labelling declarations that might have been made for it or that current data on a specific branded product you should contact the manufacturer of that product.

FSANZ recommends that users viewing AUSNUT 2011–13 for dietary purposes, consult a health care practitioner for advice.

FSANZ makes AUSNUT 2011–13 available on the understanding that you will exercise your own skill, care and judgment to evaluate the accuracy, currency, completeness and relevance of the material for your purposes.

Any reliance on AUSNUT 2011–13 is also subject to the conditions, disclaimer and limitations set out at <http://www.foodstandards.gov.au/science/monitoring-compliance/food-nutrient-recommendations> and the Creative Commons Licence referred to below.

By using any data or material in AUSNUT 2011–13, you acknowledge all the above and that that in no event shall FSANZ be liable for any loss or damage resulting from any use of the data or material.

## Acknowledgements

The data in AUSNUT 2011–13 were prepared by FSANZ staff over several years. Staff directly involved included, in alphabetical order: Bruce Brayshaw, Lucy Crowe, Judy Cunningham, Gillian Duffy, Betsy Joseph, Greg Milligan, Katinka Mitchell, Pierre Pouliq, Tompsett, Graham Trout, Anna Vincent and Liz Williams. Jonathon Rumbold from Omnipotent Solutions provided information on the use of the data.

FSANZ would also like to thank the many people outside FSANZ who provided data for inclusion in AUSNUT 2011–13 publication. In particular, FSANZ would like to acknowledge:

- Professor Heather Greenfield - FSANZ acknowledges the contribution of copyright nutrient composition data from the University of New South Wales. Data has been reproduced with permission. Enquiries on these data should be made to Professor Jennie Brand-Miller for providing permission for FSANZ to reproduce data published in Tables of Composition of Foods by McCance and Widdowson *The Composition of Foods* and its supplements, which are Crown Copyright and are reproduced by the Standards Agency on behalf of the Controller of Her Majesty's Stationery Office. Enquiries on these data should be made to the United States Department of Agriculture's National Nutrient Database for Standard Release
- the New Zealand food composition team and their food composition databases FOODFiles and Concise Tables
- the Danish Food Composition Databank
- the German Food Composition tables
- the Therapeutic Goods Administration for providing FSANZ with dietary supplement formulation data
- analytical laboratories for generating nutrient data for analytical programs undertaken by FSANZ
- the food industry and other government agencies for providing FSANZ with analytical data and peer reviewing port
